Every stall has one 15amp electricity point and only one electrical appliance per plug is allowed. **Stall keepers must bring their own extension cords and ensure that it is in a good working condition.** No kettles, heaters or any other equipment that requires more than 15 amp will be allowed. Please also ensure that all electric appliances are switched off at night. No three phase electricity is available. Please note that if you applied for a stall without electricity we will not move you to a stall with electricity when you get to the festival, you will also not be allowed to draw electrity from someone else's stall.
*Load shedding: Food stalls must bring their own generator/gas.

SEKURITEIT

Die feesbestuur onderneem om alles moontlik te doen om die veiligheid van stalletjies gedurende handelsure te verseker, maar neem geen verantwoordelikheid vir enige verliese nie. Geen stalletjiehouer sal toegelaat word om sy eie nagwag op die terrein te gebruik nie, aangesien dit dan die beheer oor die persone wat op die terrein moet rondbeweeg onmoontlik maak.
The management of the festival does everything in its power to ensure optimal security of the stalls during regular trading hours, but cannot be held accountable for any losses. No stall keeper will be allowed to appoint their own night watch to their stall as this makes it impossible for management to regulate who had access to the grounds during the night.
